Coastal Diagnostic Imaging

Navigating the Referring Provider Portal

The Referring Provider Portal is used by referring providers to submit referrals, request appointments, and view results for their patients.

Final Results Worklist

After logging in, the default view for most users will be the Final Results worklist. This list displays completed imaging procedures and allows users to read finalized reports. You can also print or save reports using the icons shown below.

- Click the ··· and then click DICOM to view the study images or Patient Chart to view patient demographics and documents, OR click the DICOM and Patient Chart buttons.

Open Appointments Worklist

The Open Appointments list displays all patient appointments and their current status in the imaging workflow.
